

# Camden Phalen

## EXPERIENCE

### **Software Engineer, HubSpot** / September 2018 – Present

Made a variety of fixes and improvements to HubSpot's page editor, a complex and widely used application. Increased reliability of the editor by building front end testing suites.

### **Project Lead, Scout Studio** / November 2017 – August 2018

Led and mentored a group of designers and developers to design and build a marketing website and e-commerce platform for a Boston-based nonprofit. Contributed to UX design and full stack development of the app, which was built with Node and React.

### **Software Engineering Co-op, HubSpot** / July 2017 – December 2018

Worked with a team of other engineers to implement new design styles on HubSpot's content management system. Rebuilt and modernized HubSpot's CMS template picker app from the ground up with React and Redux.

### **Developer, Scout Studio** / January 2017 – May 2017

Strategized with a team of designers and developers on how to create the optimal user experience for a wilderness safety mobile application. Implemented the app's front end using React Native.

### **Software Engineering Co-op, Alignable** / January 2016 – June 2017

Implemented a variety of both new features and bug fixes on a Ruby on Rails-based social networking application. Participated in discussions on the company's future trajectories and initiatives

## EDUCATION

### **Northeastern University** / College of Computer and Information Science

Bachelor of Science in Computer Science & Interaction Design, 2018

GPA: 3.70

### **The University of Edinburgh** / School of Informatics

Study Abroad, 2016
